MIN 02/02/2024 MARSABIT MUNICIPALITY STATUS

The Municipal Manager gave a brief overview of the establishment of Marsabit Municipality earlier in 2019 when Marsabit town was elevated to a municipality status, this is because as per the Urban Areas and Cities Act which he explained in details all the county headquarters that were previously Town or County Councils attained the status of a special municipality.

Mr. Doyo Galgallo an elder further reiterated how this opportunity narrowly escaped the residents of Marsabit after president Moi declared Marsabit town a municipality in a political rally. However, he suggested the need to embrace the opportunity for maximum gain.
