Dear sir,

RE: COMPLAINT AGAINST GOD IS GOOD STORE OWNER FOR OBSTRUCTION AND DRAINAGE DAMAGE

Dear Municipal Director,

I am writing to formally lodge a complaint against Mr. Weido, the owner of God Is Good Store in my neighborhood.

Mr. Weido parks his vehicle directly in front of my gate, and he also allows his customers to park in front of my property. This makes it very difficult for me to access my compound.

Furthermore, these actions have damaged the drainage system. We had constructed a protective structure for the drainage at our own expense, but it has been destroyed. As a result, rainwater now flows into the shops during rainfall, causing damage and serious inconvenience.

I respectfully request that your office investigate this matter and take appropriate action to stop the obstruction and prevent further damage.

Thank you for your prompt attention to this issue.

Yours faithfully,

Hawo
